

Guitarists Wanted

*Join the LAVC Guitar Ensemble
Experience the Joy of Music!*

Suitable for classical guitar players from beginning to advanced, the LAVC Guitar Ensemble is a great opportunity to meet, rehearse and perform with other musicians of various abilities and is an excellent way to develop and enjoy one's talents. Playing in an ensemble helps to build confidence, musicality, practical and social skills, adding a wonderful new dimension to learning what is traditionally a solitary instrument.

The LAVC Guitar Ensemble focuses upon developing basic musicianship alongside the more artistic and expressive approaches to guitar playing. Each piece we learn is carefully selected and arranged to suit the differing capabilities within the group, enabling beginners to gain experience while the more advanced are able to stretch their skills. All members enjoy this unique outlet for their musical creativity.
